REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

This year has been marked with extensive growth and adjustment. Our student population continued to grow throughout the school year. This required significant adjustment and accommodations of staff, programs, and resources. Our elementary instructional program was reorganized to maximize academic learning time for all students and to meet the diverse needs of our students.

The teachers participated in collaborative sessions throughout the year to plan for instruction. These sessions focused on instructional pacing, academic standards, district learning initiatives, and best instructional practices. In addition, the entire teaching staff participated in a professional book study of One Child at a Time which focused on differentiating instruction and providing for individual student needs.

We restructured our school-wide reading program to provide a greater variety of reading opportunities for our students. The goal of the reading program is to promote a love of reading. Students were encouraged to read a variety of genres based on their individual interests and to demonstrate their comprehension through a choice of activities.

Our school-wide character development program was continued to support positive student social and emotional behaviors. Students received individual and group recognition for using "Respectful, Responsible and Ready" behaviors. Our guidance counselors supported the program through class sessions, small groups, and individual counseling.

Students participated in the related arts programs throughout the year: Art Club, Drama Club, Drumming Groups, Choral Groups, Fitness Clubs, Field Days, Myrtle Beach Family Fun Run, and Health education. Our students also participated in community service activities: Lindsey's Little Miracles, Angel Tree, March of Dimes, Horry County recycling initiatives, and holiday canned food drive.

We were recognized by the state with the Palmetto Silver Award for academic achievement and improvement.
